History and Philosophy

We are a small family business with a passion for construction with close to 50 years' experience in the trade. The company itself is young, as we started the business in September 2017. We do all from home improvement, office fitting, shop fitting, maintenance to the bigger projects. From small house extensions to a full house construction.

Employing knowledgeable staff that have accumulated a lot of skills and know-how, experiences in design and build solutions, project management services, building trades and related engineering works.

Our objective is to provide our clients with an "I am assured" experience when we are chosen to execute their projects. Our emphasis on clear communication and follow-through procedures ensures that client's objectives are top priority in the planning and execution of all our processes.

Our Vision:

To be a respectable building contractor delivering beyond expectation, always.

Our Mission:

To procure projects at competitive pricing, provide safe working conditions and deliver quality work within a reasonable time frame.
